## Education

**Beijing Normal University - Hong Kong Baptist University (BNBU)**, BSc in Computer Science and Technology  
Zhuhai, China  
Sept 2023 - Present  
GPA: 3.25/4.00. Available from June 8, 2026 for around 3 months.

- Relevant coursework: Data Structures, Algorithms, Operating Systems, DBMS, Machine Learning, Neural Networks & Deep Learning, Software Engineering, Advanced Software Development Workshop, Discrete Structures, Deep Learning for Computer Vision, 3D Computer Vision.

## Publications and Submissions

**Decoupling Morphology and Coherence for High-Fidelity 4D Cardiac Segmentation** May 2026  
Ruijie Huang, Weifeng Su, Yuxiang He, *Zhengyang Wang*, Xingyu Chen  
[openreview.net/forum?id=Nw0WyiYdFA](https://openreview.net/forum?id=Nw0WyiYdFA) (NeurIPS 2026 Conference Submission; under review on OpenReview)  
Contributed to 4D cardiac segmentation experiments, method visualization, technical figures, and report materials.

**Orchestrating Secrets: Visual Metaphor Generation and Reasoning in Multi-Agent Communication Games** May 2026  
*Zhengyang Wang*, Collaborators  
(Submitted to ARR, May 2026)  
Built MetaVision data assets and review workflow for multimodal metaphor reasoning and communication games.

## Research Projects

**MetaVision / Visual Metaphor Reasoning** Jan 2026  
Multimodal metaphor generation and reasoning in multi-agent communication games.

- Built a 300 pairs / 600 images dataset with staged review, provenance logging, image generation/review, and quality-control workflow.
- Contributed to communication-game framework design and multimodal evaluation materials for ARR submission.

**Archery Sports Data and Intelligent Arrow Selection** 2025 - Present  
Sports-science experiment, data analysis, and computer-vision support.

- Supported mechanical shooting experiments, impact-point records, high-speed video capture, arrow recognition, target localization, and straightness analysis.

**4D Cardiac Segmentation and Medical Image Analysis** 2026 project  
4D cardiac MRI/ultrasound segmentation research support.

- Ran data/model workflows, consolidated local-validation results, prepared technical figures, and supported method/architecture documentation.

**FYP MapAgent Plan** 2026 planning stage  
BLE/RSSI indoor asset tracking with LLM-assisted diagnosis.

- Designed a system plan around BLE/RSSI, floorplan/RSG, anomaly diagnosis, and operator-facing explanation.

## Experience

**Finance Department Intern**, Guangzhou Bank Jan 2025 - Feb 2025

- Organized lending/borrowing ledgers and supported reporting materials and data checks.

**Administrative Assistant**, BNBU Aug 2024 - Dec 2024

- Handled enquiry calls, documentation, and office operations.

**Campus Leadership**

**Deputy Minister, Rights and Services Department**, BNBU Student Union 2025 - 2026

- Supported student rights services, feedback organization, activity execution, and cross-student communication.

**Organization Committee Member**, Youth League Branch 2024 - 2025

- Assisted branch organization, announcements, coordination, and activity execution.

- Helped initiate the club from 0 to 1, supporting recruitment, training organization, and community operations.

**Honors and Awards**

---

- MCM/ICM Meritorious Winner, 2025.
- ICBC Cup Business Competition, Excellence Award.
- BNBU Student Leadership Path Programme, Bronze Award of Servant Leadership, 2025-26 Academic Year / May 2026.

**Skills**

---

**Programming and Data:** Python, Java, C, SQL, machine learning, computer vision, data cleaning, evaluation pipelines, GitHub, LaTeX.

**AI-assisted Research and Development:** Codex, ChatGPT Pro, Claude, Gemini for agentic coding, data analysis, research writing, report generation, and website prototyping.

**Languages:** English CET-4, CET-6; bilingual technical reading and writing.
